LIST OF SCHOLARSHIPS, BURSARIES, AND PRIZES AVAILABLE TO STUDENTS

Founded	Title	Tenure (Years)	Value	Subject or Qualification of Candidate
All Faculties 1903	Rhodes Scholarship	3	400 0 0	Candidates must be British subjects, over 19 and not yet 25 years on October 1st of the year for which they are selected, and must have completed at least two years University work.
1910	Thomas Morrow Prize	11 0 0 (books)	Undergraduates—Essay on Australian subject.
1911	Medals for Outstanding Merit	Outstanding merit throughout the course.
1916	Ford Medal (and prize in books)	8 0 0 (medal and books)	Undergraduates—English poem.
1917	Bloomfield Scholarship	1	12 0 0	Every sixth year to Returned Soldiers or their descendants.
1918	Pau Scholarship	1	40 0 0	Every sixth year to Returned Soldiers or their descendants.
1932	Priest Prize	8 0 0 (books)	Applied Mathematics (Par II.), Dynamics Section.
1933	Freemasons Scholarships	1	40 0 0 (three scholarships)	Fourth Year Students—general merit.
1938	Hall Travelling Scholarship	2	250 0 0	Graduates of not more than four years' standing
1944	James Cecil Stevenson Memorial Prize	10 0 0 (books)	Greatest proficiency in Pure Mathematics II.
Scholarships 1911	Temporarily Withdrawn— Foundation Travelling Scholarship	2	500 0 0	Open to Graduates of all Faculties—2 years—£250 per year.
1911	Scholarship for Engineering	1	200 0 0	Engineering Graduate.
1911	Scholarship for Encouragement of Original Research	1	200 0 0	Science Graduate.
1914	Free Passages Scheme	First Class Free Passage to Europe	Graduates.

THE SECOND SCHEDULE

GENERAL REGULATIONS.

I.—Academic Year.

1. An academic year shall in respect of any course of study or part thereof be such period of time as comprises the terms or other periods prescribed for work during one calendar year in relation thereto and the next ensuing periods prescribed for annual and supplementary examinations in relation thereto.

II.—Terms.

2. Except for the third and fourth years of the bachelor's degree course in the Faculty of Dentistry, and the fourth, fifth and sixth years of the bachelor's degree course in the Faculty of Medicine, there shall be three terms in a calendar year.

- (i) The First Term shall begin on the tenth Monday of the year and shall end on the Saturday before the twenty-first Monday.
- (ii) The Second Term shall begin on the twenty-third Monday of the year and shall end on the Saturday before the thirty-second Monday.
- (iii) The Third Term shall begin on the thirty-fifth Monday of the year and shall end on the Wednesday after the forty-third Monday.

3. Note.—For the fourth, fifth and sixth years of the Bachelor's Degree course in Medicine provisional arrangements are in force and no permanent provision as to terms has yet been made.

4. In the third and fourth years of the Bachelor's Degree course in the Faculty of Dentistry the work of the course shall begin on the first Tuesday of the year, and shall continue, in the case of the third year, until the beginning of the Annual Examination Period, and in the case of the fourth year until the Saturday immediately preceding Christmas Day.

III.—Examination Periods.

5. There shall be an Annual Examination Period beginning on the Friday after the forty-fourth Monday of the year, and a Supplementary and Final Honours Examination Period beginning on the sixth Monday of the year.

IV.—Examinations.

6. Examinations to be known as the Annual Examinations shall be held each year and, subject to the provisions

relating to deferred and special examinations, all candidates required to pass an examination in any subject other than a Final Honours Examination shall sit for the annual examination in that subject. Unless the Senate approves of any annual examination being held at some other time all such examinations shall be held during the Annual Examination Period, provided, however, that the annual examinations in the subjects of the fourth year of the course in Dentistry shall begin on the third Monday of the year.

7. Subject to the provisions of any other regulations, Final Honours Examinations and examinations for higher degrees shall be held during the Supplementary and Final Honours Examination Period; except that the Final Honours Examination for the degree of Bachelor of Science with Honours, other than the examination in Mathematics, shall be held during the Annual Examination Period, and, with the approval of the Faculty or Board concerned, part of any Final Honours Examination may be held during the Annual Examination Period.

8. (i) In this and other regulations the term Supplementary Examination means an examination given to a candidate after he has in the same academic year sat for and failed to pass the annual examination in the subject in question.

(ii) In respect of courses in the Faculties of Arts and Commerce there shall be no supplementary examinations.

(iii) In respect of all other courses, subject to any special regulations dealing with the matter, the Faculty or Board concerned may allow a candidate to sit for a supplementary examination in any subject.

(iv) Supplementary examinations shall be held during the Supplementary Examination Period, except that in respect of the subjects of the fourth year of the course in Dentistry they shall be held at a time recommended by the Faculty of Dentistry and approved by the Senate, beginning as near as possible to the fourteenth Monday of the year.

(v) A candidate who has been given a deferred examination under the provisions of the Special War-time Statute and Regulations or of these regulations shall not be entitled to any further examination in the nature of a supplementary examination; but if circumstances of special hardship exist his case may be treated as if it fell within the provisions of regulation 9 (iii).

9. (i) In this and in other regulations the term Deferred Examination means an examination given to a candidate who has failed in the same academic year to sit for the annual examination in the subject in question.

(ii) If the Faculty or Board concerned is satisfied that a candidate will be or has been unable to sit for an annual examination prescribed in his case or that other good cause exists for deferring his examination, the Faculty or Board may, if it thinks fit, allow the candidate to sit for a deferred examination on such conditions as it may determine. Deferred examinations shall be held in conjunction with the supplementary examinations. An application for a deferred examination on the ground of disability will not be entertained unless made forthwith after the candidate's disability arose. Each application must be supported by evidence of the grounds on which the application is made, and the evidence must accompany the application or follow it within three days, and in any case must reach the Registrar before the Examiners' Meeting of the Faculty is held.

(iii) In any case not covered by the preceding or any other regulations relating to examinations, where the Faculty or Board concerned is satisfied that a candidate will be or was unable to sit or was handicapped by illness or otherwise when sitting for any examination, and that in the circumstances of the case a special examination should be allowed to the candidate, the Faculty or Board may make a recommendation accordingly to the Professorial Board and may at the same time recommend that a special fee be paid to the examiners concerned. Thereupon the Professorial Board may recommend such action in the matter as it thinks fit.

For the purpose of any regulation prescribing the time at which an examination must be passed a special examination shall be deemed to have been held at the time of the examination in place of which the special examination was granted.

V.—Enrolments.

10. (i) In this division of these regulations the term "course" means a group of subjects comprised in a prescribed year of study.

(ii) Persons desiring to pursue the studies connected with any course or subject shall enrol for such course or subject in the manner hereinafter prescribed.

(iii) Such persons shall apply for enrolment on forms provided for the purpose.

(iv) In the case of applicants other than those sitting for the Special Matriculation Examination, applications for enrolment in any year shall be lodged with the Registrar not later than the thirty-first day of January in that year. Where the applicant is sitting for a supplementary or Deferred Examination, his application shall be treated as a provisional

application for enrolment for the courses or subjects set out in the application and also for the courses or subjects taken by him in the preceding year the requirements for which are not completed by him at such Supplementary or Deferred Examination.

If an applicant sitting for a Supplementary or Deferred Examination does not immediately after receiving notice of the result of his examination make any further application, his application shall cease to be provisional, and, as the case may require, shall take effect as an application for enrolment for the courses or subjects therein specified or for the courses or subjects taken by him in the previous year for which also he was deemed to be provisionally enrolled. If the applicant desires to enrol for any other course or subject he shall as soon as possible lodge a further application specifying all the subjects for which he desires to be enrolled. In respect of any courses or subjects for which provisional application was not previously made or deemed to be made, the application may, but shall not necessarily, be treated as having been made before the thirty-first day of January.

(v) Persons sitting for the Special Matriculation Examination in any year who desire to enrol in that year shall, not later than the thirty-first day of January in that year, lodge with the Registrar the Provisional Enrolment Form provided for such persons. On being notified of his results in such examination he shall forthwith lodge with the Registrar an ordinary form of enrolment. If such form confirms the application or one of his alternative applications made in the Provisional Form previously lodged, the application for enrolment shall be deemed to have been made before the thirty-first day of January preceding.

(vi) An applicant shall be deemed to be enrolled as from the day on which notice of acceptance of his application was posted or otherwise sent to him.

11. An application for enrolment received during the month of February may be accepted, but only if good cause for the delay is shown ; and an applicant shall not be enrolled for any subject or for any course comprising that subject unless the number of students already enrolled or approved for enrolment for that subject and for courses comprising that subject is less than the maximum number of students for whom it has been possible to make provision in respect of that subject. In the case of applications received during the month of February absolute preference shall be given to persons who have served for at least six months in the Naval, Military, or Air Forces.

12. Each day and evening student shall interview the Dean of his Faculty in regard to his work for the year not later than the Saturday immediately preceding the first day of the First Term.

13. Late enrolments may be accepted at the discretion of the Dean of the Faculty concerned, up to but not after the Saturday in the second week of the First Term. An additional fee of 10s. must be paid in each case where a late enrolment is accepted.

14. With the approval of the Dean of his Faculty, a student may add to the number of subjects selected by him for the year, or substitute one subject for another, at any time up to but not after the Saturday in the second week of the First Term. He may cancel his enrolment in any subject at any time during the year.

15. The Senate, in its absolute discretion, may refuse to enrol any student who fails to satisfy the Senate by documentary evidence or otherwise as it may decide, that he is of good character.

VI.—Enrolment Exemptions.

16. A candidate who enrolled for a subject, but failed to pass the concluding examination therein may, if the Faculty approves, be exempted from enrolment in the subject the following year. He may proceed to examination again in the subject at the next Annual Examination upon submitting an entry and paying a fee corresponding to the prescribed Supplementary Examination fee.

VII.—Fees for Enrolments.

17. All fees for enrolments shall be paid in advance either annually in one sum or in three terminal instalments. Annual and first-term payments must be made not later than the ninth Saturday of the calendar year. When not paid in advance at the beginning of the year, fees for the second term must be paid not later than the twenty-second Saturday of the calendar year, and the fees for the third term must be paid, together with the entrance fee for the Annual Examination, on or before the 31st August.

18. Any student who does not pay the prescribed fees in accordance with the provisions of Regulation 17 shall be required to pay, in addition, a late fee of 10s. If payment is not made within two weeks after the due date, the late fee shall be increased to £1.

19. A student shall not be entitled to have his name entered on the roll of any class in any subject until he has paid the prescribed fees therefor.

VIII.—Books and Other Equipment.

20. Undergraduates and non-matriculated students attending courses shall provide themselves with such books, instruments, and other equipment as from time to time may be directed by the Faculty concerned.

IX.—Time-tables.

21. The time-tables of lectures for the various Faculties shall be published in the Calendar. Any alteration that it may be necessary to make in the time-table as published will be notified on the University Notice Board from time to time.

X.—Examination Entries and Time-tables.

22. Each candidate for the Honours and Annual Examinations in November, or for the Honours Examination in February, or for examination for admission to Higher Degrees, shall lodge his entry, in the prescribed form, with the Registrar on or before the 31st August preceding such examination. He shall at the same time submit the duplicate deposit slip covering his examination fee and his fees for the Third Term.

23. Each candidate who fails at the Annual Examination in November, and who is entitled to sit for a Supplementary Examination in February, shall lodge with the Registrar, not later than the 10th December preceding, his entry for the Supplementary Examination together with duplicate deposit slip for the prescribed Supplementary Examination fee.

24. No examination entry shall be accepted until the prescribed fees have been paid.

25. A late entry may be accepted from a candidate at any time within seven days after the prescribed date, upon payment by the candidate of a late fee of 10s. in addition to the usual fee.

26. The time-table for the Annual and Honour Examinations in November shall be prepared and posted on the Notice Board of the University not later than the 30th September.

27. The time-table for the Supplementary and Honour Examinations in February shall be prepared and posted on the Notice Board of the University not later than the 31st January.

XI.—Examination Results.

28. Lists of candidates in the several subjects shall be prepared by the Registrar and furnished to the Examiners concerned. The results of the candidates shall be entered by the Examiners in these lists.

29. The examination lists as presented by the Examiner shall be placed before the Board of Examiners of the Faculty concerned. The Board shall prepare a schedule containing the complete results ; and this schedule, after verification by the Dean, shall be submitted for the confirmation of the Faculty. The results shall thereafter be furnished to the individual students ; shall be laid before the Senate at its next meeting ; and shall be duly entered in the University records.

XII.—Withdrawal of Entries.

30. Candidates who are prevented by illness or other exceptional causes from presenting themselves for examination must send written notice to the Registrar so as to reach him not less than three days before the examination. In each such case, the entrance fee less 25 per cent. will be refunded.

XIII.—Class Lists.

31. A pass in each subject may be credited as " pass " and " pass with merit."

XIV.—Theses and Dissertations.

32. (a) A candidate desiring to present a thesis for a Master's Degree shall consult the head of the department concerned as to the choice of subject for the thesis at least six months before the date on which the thesis must be submitted. The subject chosen shall require the approval of the Faculty.

(b) Subject to the provisions of paragraph (c) below, a candidate for a degree, diploma, certificate or other award who is required to present a thesis, dissertation, report or other similar composition shall lodge at least four bound printed or typewritten copies of it with the Registrar not later than the eighth Monday of the year in which the award is sought.

Of the copies thus lodged three shall be retained by the University as its own property, and any other copy or copies shall within a reasonable time be returned to the candidate lodging them. Of the three copies retained by the University two shall be placed in the Main Library, one to be kept there permanently, and the third shall be at the disposition of the head of the department concerned.

(c) In any case affected by some other regulation inconsistent with this regulation the provisions of this regulation shall apply in so far as they are not inconsistent with such other regulation.

XV.—Application for Admission to Degrees.

33. Each student desiring to be admitted to a Bachelor's Degree shall make application in the prescribed form and pay the prescribed fee at least fourteen days before the date fixed for the conferring of degrees.

34. A graduate desiring to proceed to a higher degree, who is qualified to do so, shall make application in the prescribed form and pay the prescribed fee at least fourteen days before the date fixed for the conferring of degrees.

XVI.—Non-Matriculated Students.

35. Any person who is not less than 16 years of age, and who in the opinion of the Dean of the Faculty concerned is competent to undertake the work, may be permitted to enrol for the course in any subject, upon complying with the usual enrolment conditions and paying the prescribed fees. Upon approval by the Faculty concerned, special enrolments for parts of courses may be granted at fees approved by the Senate.

36. (i) Non-matriculated students enrolled for Diploma courses in Architecture, Commerce, Physiotherapy, or Physical Education shall have a status within the University entitling them to the same benefits, other than qualification to proceed to a degree, and rendering them subject to the same discipline and obligations, including the making of a declaration in the form set out in Chapter IX. of the Statutes, as apply in the case of undergraduate members of the University.

(ii) Non-matriculated students pursuing a course leading to the Diploma in Mechanical and Electrical Engineering who have completed two years of the course and are enrolled as evening students in the Faculty of Engineering shall have the same status, with the same rights and liabilities, as the abovementioned students.

(iii) The Registrar shall keep a roll in which shall be entered the names of students enrolled for the diploma courses specified in this regulation who have made a declaration of obedience and submission to the Statutes and authorities of the University.

(iv) Any other non-matriculated persons who have enrolled as students within the University shall be subject to the statutes and regulations relating to discipline to the same extent as matriculated students are subject thereto.

XVII.—Attendance at Lectures.

37. (a) Students compelled to be absent from more than one lecture shall as soon as practicable notify the Professor or Lecturer concerned.

(b) If the Faculty concerned declares that in its opinion a student's attendance at lectures or performance of laboratory or field work or other prescribed work in any subject is unsatisfactory the student shall thereupon become ineligible to sit for the examination in that subject.

(c) The transfer to external status shall not generally be approved if, before applying, the student has been absent from more than three lectures.

XVIII.—Medical Certificates.

38. All medical certificates submitted for University purposes—i.e., in connection with absences from classes, unfitness to sit for examination, or any other purpose—must be in the following form :—

I, _____, duly qualified medical practitioner in the State of Queensland, certify that I saw and examined _____ on _____ and am of the opinion that he is suffering from _____ and that as a consequence of this—

1. He should not attend his usual work at the University for a period of _____ and/or
2. Is quite unfit to sit for the examination to be held on _____ and/or
3. Although he sat for his examination on _____ he was in my opinion seriously handicapped by his illness.*

* Please state whether student was under your professional care at the time he sat for his examination. YES/NO.
(Please strike out clauses which are inapplicable.)

Date

19 .

Signature.

Notice.

Any student who, on account of accident or illness, wishes to claim any consideration—

1. For continued absence from lectures, or
2. For a supplementary, deferred, or special examination, must furnish the above certificate duly signed by the legally qualified medical practitioner who has attended him.

Students are notified that this medical certificate, in order to support either of the above claims, must be sent to the Registrar as soon as possible after the occurrence of the accident or advent of the illness, or, in the case of (3) above, must reach the Registrar as soon as possible after the examination concerned, and in time to be brought before the meeting of examiners of the Faculty.

It must be noted, however, that only in special circumstances, approved by the Faculty concerned, can consideration be given to applications referred to in clause 3 above which are submitted after the student has sat for his examination.

XIX.—Discipline.

39. Any conduct of a student which involves disobedience to a reasonable direction by a superior officer or a member of the teaching staff of the University, or which is detrimental to the interests of the University or of its members as such or any student as such, or which is disorderly or unduly interferes with the comfort or convenience of any person within the precincts of any University property, or which otherwise is unbecoming to a University student, shall be deemed to be a breach of discipline.

40. (1) The Senate, in the exercise of the power conferred upon it by the Statutes to impose penalties for breach of discipline, may suspend a student from attendance at the University for such period as it may determine, or may exclude the student permanently from the University, or may impose a fine upon him, or may impose on him any other penalty which it deems appropriate to the case.

(2) The Senate may confer on any committee appointed by it for the purpose or on any officer or other authority within the University all or any of its powers to deal with breaches of discipline.

(3) In determining whether a student has committed a breach of discipline the Senate may hear or refrain from hearing the student and otherwise follow such procedure as it thinks fit.

41. If the President of the Professorial Board receives notice that a student has committed a breach of discipline he may, after hearing the student and making such other inquiry as he thinks fit (whether or not a penalty has already been imposed under Regulation 42), either—

(a) impose a fine on the student not exceeding five pounds ; or

(b) refer the matter to the Senate.

42. If any dean, professor, or head of a department receives notice that a student has committed a breach of discipline, he may suspend the student from attendance at classes within his faculty or department, as the case may be, for a period not exceeding one week, and, after hearing the student and making such other inquiry as he thinks fit, either—

(a) impose a fine on the student not exceeding one pound ; or

(b) refer the matter to the President of the Professorial Board.

43. Any member of the teaching staff may exclude from his classes for a period not exceeding one week any student who commits a breach of discipline affecting the holding of such classes, and shall as soon as possible report the matter to the head of his department, who thereupon may exercise such power under Regulation 42 as he thinks fit.

44. Any fine imposed in accordance with these Regulations shall be a debt due from the student to the University and shall be payable immediately. So long as a fine imposed on him remains unpaid a student shall not have any rights as such against the University.

45. Any student on whom a penalty has been imposed under paragraphs 37 (b), 41, 42, or 48 of these Regulations may appeal to the Senate against the decision, whereupon the Senate may deal with the matter as if it had come before the Senate originally.

46. If by way of punishment a student is suspended from attendance at the University or is permanently excluded from it, he shall not thereby become entitled to be repaid fees paid by him or to be relieved from payment of any fees already payable by him.

47. Subject to the provision of Regulation 45 the decision of the Senate or of any other competent authority or officer of the University that a breach of discipline has been committed shall be final and conclusive as against the student affected.

48. For any breach of discipline in the Library, the Librarian, or officer in charge of the Library, may exclude the offender from the Library for not more than twenty-four hours, and shall as soon as possible report the matter to the Chairman of the Library Committee, who may exercise in relation to the matter the same powers as are conferred on the President of the Professorial Board by Regulation 41.

XX.—General.

49. Nothing in these Regulations contained shall be construed to prevent any Faculty from holding any examination on any subject or subjects at such time as such Faculty may think fit.

THE TENTH SCHEDULE.

LIBRARY REGULATIONS.

1. The Library of the University is divided into (a) the General Library and (b) Departmental Libraries.

2. The Libraries are for the use of all professors, lecturers, graduates, undergraduates, and superior officers of the University.

3. The Libraries shall be open during hours to be determined from time to time, and particulars thereof shall be posted up on the notice boards.

4. Books in the Departmental Libraries may be consulted or borrowed in accordance with regulations prescribed by the heads of the departments concerned and approved by the Library Committee.

5. Books may be borrowed, without charge or subscription, by professors, lecturers, and superior officers of the University, and by graduates and undergraduates attending the regular courses; provided that, in the discretion of the Librarian, in consultation with the head of the department concerned, certain books and periodicals may be noted as "Not to be borrowed." External students shall not have the right to borrow books from the Library.

6. The following are authorised to give out books—namely, (a) in the General Library, the Librarian or his authorised deputy; and (b) in a Departmental Library, the head of the department or his authorised deputy.

7. Borrowers shall fill in and sign a borrowing slip for each book required and hand it to the proper authority specified in Regulation 6. When books are returned the borrower is responsible for seeing that the borrowing slip is cancelled. If a book is already out when required the signing of a borrowing slip shall establish a prior claim for that book when it is returned.

8. Except for permission given at the time of borrowing, professors and lecturers may not have more than eight volumes out of the Library at one time. Other borrowers may not have more than three volumes at one time except as provided in Regulation 10.

9. No volume shall be kept for more than seven days unless special permission is given at the time of borrowing. Books for which an extension of time has been granted may, notwithstanding such permission, be recalled at any time after seven days, and must then be returned at once.

10. During the long vacation borrowers resident at a distance may take six volumes away with them on complying with Regulation 7. They must return such volumes carefully packed by post or passenger train at their own expense within a period to be fixed by the Librarian, but in no case to exceed twenty-eight days, and may receive another parcel of six volumes from the Library at their own expense. If the same volume is required by more than one borrower, the borrower having senior status in the University shall have priority.

11. All books borrowed shall be returned to the Library at least one week before the beginning of the Annual Examinations, and at other times upon one week's notice being given. All books borrowed during the long vacation shall be returned at least one week before the beginning of the Supplementary Examinations.

12. Any person borrowing a book shall be held responsible for its return uninjured to the Library, and shall be required to replace a lost volume, or the series, as the case may be, or pay for repairing any damage which may have occurred. No marks of any kind may be made in the Library books or periodicals.

13. Fines may be imposed in accordance with the following rules :—

- (a) For any volume kept longer than the time allowed, a fine of one shilling a week or portion of a week shall be incurred by the borrower.
- (b) A borrower failing to comply with Regulation 11 shall incur a fine of five shillings in respect of each volume held by him beyond the prescribed date, in addition to the fine incurred under Rule (a) above.
- (c) A list of fines imposed shall be posted in the Library, and notice thereof sent to the person incurring the fine and to the Registrar.
- (d) Fines must be paid to the Registrar within seven days of the date of posting, and until they are paid the offender will not be allowed to make use of the Library.

14. Admittance to the Library and the use of its books are conditional upon the strict observance of these regulations.

15. Current unbound numbers of periodicals shall in no circumstances be allowed out of the Library.

16. Any special books in Departmental Libraries which are unsuitable for borrowing shall be marked accordingly.

17. Periodicals which are obtained by gift or exchange, or by purchase from general funds, and which embody articles concerning more than one department, shall be housed in the General Library of the University.

Note.—In accordance with the established practice, the heads of departments shall be consulted in cases of doubt.

The Degree of Doctor of Philosophy.

1. A person seeking the Degree of Doctor of Philosophy shall apply to the Professorial Board, through the Registrar, to be admitted as a candidate for the Degree, and shall submit with his application a proposal of a course of advanced study and research to be pursued by him for the purpose of obtaining the Degree.

2. The Board shall thereupon determine the Faculty and the Department thereof in which the proposed course of study should be pursued, and, if it approves the proposed course of study, and if the applicant is qualified in accordance with the next regulation to be a candidate for the Degree, may grant his application.

3. A candidate for the Degree shall—

- (i) (a) if the appropriate Faculty is a Faculty other than the Faculties of Dentistry, Medicine, and Veterinary Science, hold a Master's Degree of that Faculty or a Bachelor's Degree with First or Second Class Honours of that Faculty, or have been admitted *ad eundem statum* ; or
- (b) if the appropriate Faculty is the Faculty of Dentistry or Medicine or Veterinary Science, hold a Bachelor's Degree with First or Second Class Honours of that Faculty, or have been admitted *ad eundem statum*, or, being the holder of such Degree without First or Second Class Honours or having been admitted *ad eundem statum*, have pursued for at least one year a course of research satisfactory to the Professorial Board ;
- (ii) satisfy the Board by appropriate evidence that he has adequate training and ability to pursue the course of study and research proposed by him.

4. Subject to regulation 5, a candidate shall, after being admitted as a candidate, pursue within the University for at least two years a course of advanced study and research

approved by the Board under such supervision as the Board may prescribe. With the permission of the Board the candidate may pursue his course for a period of not more than one year at another institution under conditions approved by the Board, provided he pursues it for at least two years within the University.

A candidate may be required to meet the cost of any special equipment needed for his research work.

5. A candidate who holds a Master's Degree or has been admitted *ad eundem statum* may be permitted by the Board to pursue such part of his research work as the Board approves otherwise than by attendance at the University, but under the supervision of the University.

6. A candidate shall pursue the course as a full-time student, unless, being a University teacher, he is permitted by the Board to pursue it as a part-time student. In such case he shall pursue the course, if he is a part-time teacher, for at least three years, and if he is a full-time teacher, for at least four years.

7. A candidate shall attend such lectures and seminars and perform such practical and other work as the Board may prescribe.

8. Within one year of completing his course a candidate shall present a thesis embodying the results of his research.

He shall state, generally in the preface and specifically in the notes to his thesis, in the form prescribed by the Royal Society of London for its Publications, the sources from which his information is derived, the extent to which he has made use of the work of others, and the portions of the work he claims as original.

He may also submit any work he has published, whether or not it relates to the subject of his thesis.

He shall lodge with the Registrar four bound copies of the thesis and four copies of any published work submitted.

9. The thesis shall not be or include a work or substantial part thereof submitted for another degree conferred on him by this or any other University.

10. The thesis and any published work submitted by the candidate shall be submitted to three examiners appointed by the Board, one of whom shall be an external examiner.

Each examiner shall make a separate report on the merit of the thesis and other work submitted to him.

After considering the examiners' reports the Board may require the candidate to submit to such written, oral, or practical examinations as it considers desirable, and thereafter shall make such recommendation to the Senate as it considers proper.

11. The Board may make rules incidental to the carrying out of these regulations, and in so far as they apply to him a candidate shall fulfil the requirements of such rules.

Latham : Australia and the British Commonwealth.

Jennings : Cabinet Government.

Jennings : Parliament.

Allen : Law and Orders.

Wheare : Federal Government.

Add the following :

Chalmers & Hood Phillips : Constitutional Law.

Crisp : Parliamentary Government of the Commonwealth of Australia.

Contracts.

For reference.

Add (at the beginning) :

Odgers : Introduction to the Law of Contracts.

(5) FACULTY OF COMMERCE.

(a) *Lecture Fees*—

Except for the subjects listed below—

Single subject—

Half unit, per term	2	2	0
Unit, per term	4	4	0

Two or more subjects, per unit, per term	2	16	0		
--	-----	-----	---	----	---	--	--

For each of the subjects Elements of Mercantile Law, Mercantile Law (including Law of Trustees), Company Law, and Bankruptcy Law, per term	1	0	0		
--	-----	-----	---	---	---	--	--

The above provision does not apply to subjects (other than the law subjects listed above) in which the lectures are given at the State Commercial High School. Day and Evening Students pay the fees for these Lectures to the State Commercial High School. External Students pay a corresponding fee to the University.

(b) *Laboratory Fees*—

For each Science subject involving laboratory work, per term	2	16	0
--	-----	-----	-----	-----	-----	---	----	---

(6) FACULTY OF DENTISTRY:

Degree of Bachelor of Dental Science—

Per term	22	13	4
----------	-----	-----	-----	-----	-----	----	----	---

(7) FACULTY OF EDUCATION.

(a) *Degree of Bachelor of Education*—

Experimental and Psychological Methods in Education	4	4	0
---	-----	-----	-----	-----	-----	---	---	---

Other subjects—

Single subject, per term	2	2	0
--------------------------	-----	-----	-----	-----	---	---	---

Otherwise, per subject, per term	1	8	0		
----------------------------------	-----	-----	---	---	---	--	--

(b) *Diploma in Education and Diploma in Educational Psychology*—

Per term	12	12	0
----------	-----	-----	-----	-----	-----	----	----	---

(c) *Certificate in the Teaching of Handicapped Children*—

Per term	10	10	0
----------	-----	-----	-----	-----	-----	----	----	---

(8) FACULTY OF ENGINEERING.

(a) *Degree of Bachelor of Engineering*—

Full-time course, per term	14	14	0
----------------------------	-----	-----	-----	-----	----	----	---

Part-time course—

Single subject, per term	5	5	0
--------------------------	-----	-----	-----	-----	---	---	---

Otherwise, per subject, per term	2	12	6		
----------------------------------	-----	-----	---	----	---	--	--

(b) *Degree of Bachelor of Surveying*—

Per term	14	0	0
----------	-----	-----	-----	-----	-----	----	---	---

(9) FACULTY OF LAW.

Degree of Bachelor of Laws—

Single subject—

Half unit, per term	2	2	0
---------------------	-----	-----	-----	-----	---	---	---

Unit, per term	4	4	0
----------------	-----	-----	-----	-----	---	---	---

Two or more subjects—

Arts subject, per unit, per term	2	16	0
Law subjects, per unit, per term	4	0	0

(10) FACULTY OF MEDICINE.

Degrees of Bachelor of Medicine and Bachelor of Surgery—

Lecture and Laboratory fees, including clinical lecture fees, per term	23	6	8
Hospital Service fees, Third, Fourth, Fifth, and Sixth Years, per annum	1	15	0

(11) FACULTY OF SCIENCE.

(a) *Degree of Bachelor of Science—*

First Year subject—

Single subject, per term	5	0	0
Two or more subjects, per subject, per term	3	10	0

Second Year subject—

Single subject, per term	6	5	0
Two or more subjects, per subject, per term	4	13	4

Third Year subject—

Single subject, per term	8	10	0
Two or more subjects, per subject, per term	7	0	0

Fourth Year Honours subject—

Mathematics, per term	8	8	0
Any other subject, per term	14	0	0

(b) *Degree of Bachelor of Applied Science—*

Per term	14	14	0
----------	-----	-----	----	----	---

(c) *Diploma in Physiotherapy—*

Per term	14	14	0
----------	-----	-----	----	----	---

(12) FACULTY OF VETERINARY SCIENCE.

Per term	14	0	0
----------	-----	-----	----	---	---

(13) PHYSICAL EDUCATION.

Diploma in Physical Education—

First Year, per term	4	4	0
Second and Third Years, per term	6	6	0

(14) DEGREE OF DOCTOR OF PHILOSOPHY.

On entrance	10	10	0
Supervision fee, per term	10	0	0
Laboratory fee, per term	4	0	0

(15) TUITION FEES—MISCELLANEOUS STUDENTS.

(a) *Faculties other than Engineering and Architecture—*

Lecture fee, each subject, per term	4	4	0
-------------------------------------	-----	-----	---	---	---

Laboratory fee—

Each first year subject, per term	4	4	0
Each second year subject, per term	8	8	0
Each third year subject, per term	12	12	0

(b) Faculty of Engineering—

Lecture fee—

Each first or second year subject, per term	...	5	5	0
Each third or fourth year subject, per term	...	6	6	0

Laboratory or Drawing Office fee—

Each first or second year subject, per term	...	5	5	0
Each third or fourth year subject, per term	...	6	6	0

(c) Faculty of Architecture—

Lecture fees, per term—

Town Planning I	3	3	0
Town Planning II	3	3	0
Interior Decoration	3	3	0
Specifications	3	3	0
Professional Practice	3	3	0

Other subjects, fee to be specially determined in each case.

(d) Graduates, etc.—A student who has completed a degree or other approved course and subsequently pursues similar studies may be charged a reduced fee corresponding with that payable by students enrolled for more than one subject.

(e) Small subjects.—Fees may be charged at a lower rate appropriate to the amount of instruction given.

(16) GENERAL MAINTENANCE FEE.

Payable by all students pursuing a course involving regular tuition or practical work—

Day students, per term	0	15	0
Evening and external students, per subject, per term (maximum 15/-)	0	5	0

(17) MICROSCOPE FEES.

For each subject involving the use of a University microscope, per term 1 1 0

(A student given permission to use a microscope of his own is exempt from this fee if he does not use a University microscope.)

For loan of microscope during Long Vacation on condition of return in good order and payment of compensation for damage occurring while on loan 1 1 0

(18) BALANCE FEE.

For use of balances and weights in Chemistry Department by second and third year Chemistry students, per annum 0 10 0

(19) GENERAL PURPOSES FEES.

Payable by all students enrolled for a course involving regular attendance at the University for instruction during the year in question—

(a) Day Students—

Men—First year	6	6	0
Each subsequent year	5	5	0
Women—First year	4	4	0
Each subsequent year	3	13	6

(b) Evening Students—

Men and Women—							
First year	2	12	6
Each subsequent year	2	2	0

(20) PENALTIES.

For late enrolment for courses	1	0	0
For late payment of fees—							
Within two weeks after due date	1	0	0
More than two weeks after due date	2	0	0
For late entry for examination	1	0	0

(21) FEES FOR ORIGINAL RESEARCH.

Graduates of the University of Queensland may, upon the recommendation and under the direction of the Professor or Lecturer in Charge of any department, undertake original research work and/or "refresher" lecture courses in that department without charge, other than payment for such material and special attendance as may be considered necessary by the Head of the Department.

EXAMINATION FEES.

(22) DEGREES AND OTHER AWARDS NOT SPECIALLY DEALT WITH BELOW.

<i>(a) Annual Examination—</i>					£	s.	d.
In subjects for which fees were paid during the year, any number	2	2	0
In subjects for which fees were not paid during the year, per subject (maximum £12/12/-)	4	4	0
Honours examination, if additional to an Annual Examination qualifying for a Pass Degree	2	2	0
<i>(b) Supplementary, Deferred, and Special Examinations—</i>							
Minimum fee	4	4	0
For each subject over two, in addition to minimum fee	2	2	0
For each oral or laboratory test without written examination (maximum £4/4/-)	1	1	0
<i>(c) Practical Examination for Diploma in Music</i>	4	4	0
<i>(d) Supplementary Matriculation Examination—</i>							
Minimum fee	2	0	0
For each subject over two, in addition to minimum fee	0	10	0
<i>(e) Adult Matriculation Examination—</i>							
For any number of subjects	2	0	0
<i>(f) Institute of Modern Languages Examinations—</i>							
For each subject	1	1	0

(23) HIGHER DEGREES—MASTER AND DOCTOR.

(a) *Master's Degree Examination*—

Where examination is divided into parts, per part ...	5	5	0
Otherwise	10	10	0

(b) *Examination of Thesis or other Material submitted*—

£5/5/- and in addition the fees and expenses paid by the University to examiners who are not members of the full-time staff of the University.

(24) POST GRADUATE MEDICAL DIPLOMAS.

(a) *Examination (other than of thesis)*—

£5/5/- for each Part of the examination, and in addition the fees and expenses paid by the University to examiners who are not members of the full-time staff of the University.

(b) *Examination of Thesis*—

£5/5/- and in addition the fees and expenses paid by the University to examiners who are not members of the full-time staff of the University.

(25) GRADUATION FEES.

Payable on application for admission to a degree or for the award of a diploma or certificate.

	£	s.	d.
Bachelor of Dental Science	10	10	0
Bachelor of Medicine and Surgery	12	12	0
Other Bachelor's Degrees	6	6	0
Degree of Master	10	10	0
Degree of Doctor	10	10	0
Diplomas	5	5	0
Certificates	4	4	0
Admission <i>ad eundem gradum</i>	6	6	0

(26) PUBLIC EXAMINATION FEES.

(a) *Senior Examination*—

Minimum fee for not more than six Senior subjects ...	2	0	0
For each Senior subject over six	0	7	6
For each Junior Matriculation subject, when taken with, but irrespective of the number of, Senior subjects	0	5	0

(b) *Junior Examination*—

Minimum fee for not more than eight subjects (not including Music and Art of Speech)	1	10	0
For each subject over eight	0	5	0
Fees for holders of Junior certificates entering for a limited number of subjects not included in their certificates, in order to have their certificates endorsed in other sections—			
For not more than two subjects	0	10	0
For each subject over two, in addition to minimum fee	0	5	0

(c) *Music and Art of Speech Examinations*—

(As prescribed, and varied from time to time by the Australian Music Examinations Board.)

(d) Reports for Heads of School—

Senior—

- | | | | |
|---|---|----|---|
| (a) For any one subject where the number of candidates is ten or less, a minimum fee of ... | 3 | 3 | 0 |
| (b) For every three candidates over ten, in addition to the minimum fee ... | 0 | 10 | 6 |

Junior—

- | | | | |
|---|---|----|---|
| (a) For any one subject where the number of candidates is ten or less, a minimum fee of ... | 2 | 2 | 0 |
| (b) For every five candidates over ten, in addition to the minimum fee ... | 0 | 10 | 6 |

Detailed reports on candidates' work, per candidate per subject ...	0	10	6
---	---	----	---

Revaluation of candidates' papers, in any subject, per paper ...	0	2	6
--	---	---	---

2. In any case where a student's enrolment is other than a normal enrolment covered by the Table of Fees above the fee to be paid may be specially determined for that case.

3. All fees shall be paid to the credit of the Senate of the University through a branch or agency of the Commonwealth Bank of Australia.

FACULTY OF ARTS

1. Delete the existing regulation and substitute the following :—

"A candidate shall pass in at least four subjects at Senior standard, including English and a language other than English. If the four subjects do not include Latin or Greek, Latin or Greek shall be passed in addition at Intermediate standard, and if they do not include Mathematics I, this subject shall be passed at Intermediate standard."

2. Page 5, Faculty of Arts Handbook, Section 3 to read :—

The subjects of the Course for the Pass degree shall be those included in the following groups—

- (a) Languages other than English ;
- (b) English ;
- (c) History ; Political Science ;
- (d) Philosophy ;
- (e) Mathematics ; Sciences ; Geography ; Economics ; Psychology ;
- (f) Greek and Roman Civilisation ; Economic History ; Australian History ; History of Music ; Counterpoint ; Harmony ; Biblical Literature ; Education A ; Legal History ; Physical Education.

3. Section 6 to read :—

(1) A candidate shall be required to pass in five (5) subjects including one subject in three parts and two others in two parts, or two subjects in three parts and one subject in two parts, thereby securing ten units of credit for the degree, provided that—

- (a) Not less than one unit shall be taken from Group (a) ;
- (b) Not less than one unit shall be taken from three out of the four Groups (b) to (e).

Geography I.

4. Include—

The elements of Geography studied from a systematic point of view.

Lectures—

Course Ia.—Four lectures on the Nature and Methods of Geography.

Course Ib.—About 26 lectures on the elements of Physical Geography—an elementary consideration of the character and distribution of the major types of land forms, climates, soils and vegetation of the world.

Course Ic.—About 30 lectures on the elements of Cultural Geography—an introduction to the study of the nature and significance of the world patterns of population distribution, types of agriculture, industry and transport, and of urban geography.

Tutorial assistance will also be given.

Laboratory Practice.—At least 60 hours practical work dealing with various techniques of map interpretation and compilation and of field study, and the use of simple cartographical and meteorological equipment.

Field Work.—Occasional field-trips will also be arranged.

Text-books.

Finch & Trewartha : The Elements of Geography (McGraw Hill).

Cotton, C. A.: Geomorphology (Whitcomb & Tombs).

Kendrew, W. G.: The Climates of the Continents (Oxford University Press).

Bygott, J.: Map Work and Practical Geography (University Tutorial Press).

Philip & Darby : The University Atlas (G. Philip & Son).

Geography II.

The principles of Regional and Economic Geography and their Application to selected major regions of the world.

Lectures—

Course IIa.—About 15 lectures on the general pattern of man's occupancy of the world and of the character of the major types of geographical landscapes which result.

Course IIb.—About 30 lectures on the Regional Geography of the Continent of Europe, including the British Isles, prefaced by a consideration of the problems, method and purpose of Regional Geography.

Course IIc.—About 15 lectures on the principles of Economic Geography illustrated with special reference to the countries bordering the Pacific Ocean.

Tutorial assistance will also be given.

Laboratory Practice.—At least 60 hours practical work dealing with more advanced techniques for the interpretation and compilation of a variety of map types and of statistical charts and diagrams used by the Geographer.

Field Work.—As prescribed.

Text-books.

- James, P. E.: A Geography of Man (Ginn & Co.).
 Shackleton, M. R.: Europe (Longmans).
 Stamp & Beaver : The British Isles (Longmans).
 Jones & Darkenwald : Economic Geography (Macmillan).
 Raisz, E.: General Cartography (McGraw Hill).

5. Four-Year Honours Courses in the Faculty of Arts.

DEPARTMENT OF ENGLISH AND MODERN LANGUAGES.

Honours School of English—

- First Year English Lit. I; English Expression; History I *or* Philosophy I; Latin I.
 additional: General Philology.
- Second Year English Lit. II; History II *or* Philosophy II; Latin II *or* French I *or* German I.
 additional: Phonetics, Old English.
- Third Year English Lit. III; French II *or* German II; open subject (*e.g.*, Psychology I *or* Education, etc.).
 additional: Phonetics, Middle English, Chaucer *or* Shakespeare.
- Fourth Year English IV; Thesis.

Honours Schools of English-French and English-German—

- First Year English Lit. I; English Expression; French I (German I); Latin I.
 additional: General Philology.
- Second Year English Lit. II; French II (German II); History I *or* Philosophy I.
 additional: Phonetics, Old English, History French (History German).
- Third Year English Lit. III; French III (German III); open subject.
 additional: Middle English, Old French (M.H.G.); Chaucer *or* Shakespeare.
- Fourth Year English IV; French IV (German IV); Thesis in English *or* French (German).

Honours School of French-German—

- First Year French I; German I; English Expn. *or* English Lit. I; Latin I.
 additional: General Philology.
- Second Year French II; German II; History I *or* Philosophy I *or* English Expression.
 additional: Phonetics; Hist. French; Hist. German.
- Third Year French III; German III; open subject.
 additional: Phonetics; O.F. text\$; O.H.G.—M.H.G.
- Fourth Year French IV; German IV; Thesis in French *or* German.

Honours School of Latin-English—

First Year	Latin I ; Ancient History I <i>or</i> , until Ancient History I is instituted, Greek & Roman Civilisation ; English Literature I ; French I <i>or</i> German I.
Second Year	Latin A ; English Literature II ; History I <i>or</i> Philosophy II.
Third Year	Latin B ; English Literature III.
Fourth Year	Latin C ; Final Honours English.

DEPARTMENT OF CLASSICS.

Honours School of Classics—

First Year	Latin I ; Greek I <i>or</i> (for those who have done no Greek) Preparatory Greek ; Ancient History I <i>or</i> , until Ancient History I is instituted, Greek & Roman Civilisation ; <i>either</i> English Literature I <i>or</i> French I <i>or</i> German I <i>or</i> (for those who have done no German) Preparatory German.
Second Year	Latin A ; Greek A ; Philosophy II.
Third Year	Latin B ; Greek B.
Fourth Year	Latin C ; Greek C.

Honours School of Latin—

First Year	Latin I ; Preparatory Greek ; Ancient History I <i>or</i> , until Ancient History I is instituted, Greek & Roman Civilisation ; <i>either</i> English Language <i>or</i> English Literature I <i>or</i> French I <i>or</i> German I.
Second Year	Latin A ; Greek I ; Philosophy II.
Third Year	Latin B ; Greek II.
Fourth Year	Latin C and D.

DEPARTMENT OF HISTORY.

History I ; History II ; History III ; Special Honours subjects prescribed by the Professor of History ; Political Science I ; Political Science II ; Australian History ; two other subjects from any Group or Groups, one of them studied in two parts ; one or more of the following at the discretion of the Head of the Department : Ancient History, Economic History, Geography, or an additional unit to either of the selected non-History subjects.

DEPARTMENT OF ECONOMICS.

Economics I ; Public Finance ; Economics of Industry and Trade ; Money and Banking*, International Economics*, Economic History ; *Statistics ; Pure Mathematics I ; and, in addition to these, a subject studied in three Parts, *or* a subject studied in two Parts plus a subject studied in one Part, *or* two subjects studied in one Part plus a subject which is treated according to the Regulations as a second Part of a subject.

* These are subjects of the Bachelor of Commerce course. International Economics will be given as soon as staff is available.

DEPARTMENT OF MATHEMATICS.

Honours School of Mathematics—

First Year	Pure Mathematics I ; Applied Mathematics I ; two non-mathematical subjects.
------------	---

Second Year	Pure Mathematics II; Applied Mathematics II; Part II of a non-mathematical subject; Mathematics B; Three Tutorials weekly; classes will read Differential and Integral Calculus Projective Geometry.
Third Year	Mathematics III; Statistical Mathematics or Biomathematics; Spherical Trigonometry; Two Tutorials weekly in Analysis; Classes will read Analysis of the Real Variable and Advanced Algebra.
Fourth Year	Five Tutorials weekly; classes will read Differential Geometry; Complex, Variable and Differential Equations; Attractions and Hydrodynamics, or some other Applied subject; Advanced Statistical Theory or Higher Dynamics.

DEPARTMENT OF PHILOSOPHY AND PSYCHOLOGY.

Honours School of Philosophy—

First Year	Philosophy I and three other subjects.
Second Year	Philosophy II and two other subjects. (including Psychology I, which may be taken in either year.)
Third Year	Philosophy III and one other subject.
Fourth Year	Honours classes only and Dissertation.

NOTE: (i) In addition to the treble in Philosophy, two doubles will be required.

(ii) Honours tutorials will be held in the second and third years.

(iii) Candidates for Honours shall have completed the general requirements for the pass degree before entering upon the final year of the Honours course.

Honours School of Psychology—

First Year	Psychology I and three other subjects.
Second Year	Psychology II and two other subjects.
Third Year	Psychology III and two other subjects.
Fourth Year	Honours classes only and Dissertation.

NOTE: (i) Honours tutorials will be held in the third and fourth years.

(ii) Candidates for Honours shall have completed the general requirements for the pass degree before commencing the Honours course.

FACULTY OF SCIENCE

1. For the first paragraph of the existing regulations substitute the following :—

“A candidate shall pass at Senior standard in four subjects including English, Mathematics I, and a Science subject and in so far as Chemistry, Physics, and a language other than English are not included in the four subjects, must pass or have passed them at not less than Junior standard.”

Bacteriology.

2. Delete details on p. 28 and include :

A course of 56 lectures and 244 hours' practical work extending over 28 weeks. This course has been specifically designed to provide students with a sound knowledge of cellular morphology and staining reactions ; modes of division and multiplication ; energy producing mechanisms ; metabolism nutrition : antigenic analysis and general principles of bacterial systematics.

Practical work will consist entirely of application of techniques employed in the study of the foregoing.

Specific application of microbiology in agriculture, industry and medicine and veterinary science will not be dealt with during the pass degree year. Students wishing to undertake this type of work will be required to pursue the subject for an honours degree.

Text-books.

Stephenson : Bacterial Metabolism (Longmans Green & Co.).

Dubos : The Bacterial Cell (Harvard University Press).

Bacteriology—Part I.

3. Delete details on p. 52 and include :

A course of approximately 300 hours extending over 28 weeks and made up of approximately 56 lectures and 240 hours' practical work. The work covered is designed to give the student a sound basis for further study of the subject in Bacteriology II.

Special attention is paid to basic theory of bacteriology and students carry out practical work in close association with the lectures in every type of laboratory procedure connected with the subject.

Text-books.

Topley and Wilson : Principles of Bacteriology and Immunity (Arnold).

Gale : Chemical Activities of Bacteria (Univ. Tutorial Press, Foxton).

Reference.

Boyd : *Fundamentals of Immunology* (Interscience).

Bacteriology II.

A course of approximately 220 hours extending over 19 weeks during the first and second terms. The course will consist of 4 lectures and 8 hours' practical work per week covering Systematics of bacterial genera of medical importance, Viruses and Rickettsias ; clinical mycology ; serology and immunology ; basis of chemotherapy and laboratory diagnosis.

Text-books.

As for Bacteriology I.

Work and Work : Basis of Chemotherapy (Oliver and Boys, Edinburgh).

Burnet : Virus as an Organism (Harvard University Press).

Burnet : The Production of Antibodies (Macmillan & Co., Melbourne).

Reference Books.

- Boyd : Fundamentals of Immunology (Interscience).*
Rhodes and Van Rooyen : Virus diseases of Man (Thomas Nelson & Sons, N.Y.).
Dubos and Others : Bacterial and Mycotic Infections of Man (Lippincott).
Rivers and Others : Virus and Rickettsial Infections of Man (Lippincott).
Conant and Others : Manual of Clinical Mycology (W. B. Saunders & Co.).

Laboratory Medicine.

4. Delete details on p. 53 and include :

The course will continue for three terms and will occupy 20 hours' weekly. For the first two terms lecture demonstrations and practical classes will constitute the greater part of the course ; formal lectures will be few.

The studies to be undertaken will comprise :—The general principles and practice of laboratory diagnosis, including clinical pathology, clinical bacteriology and serology, clinical biochemistry and biophysics, Protozoology, Medical Entomology and Parasitology. Autopsy technique. Histological Technique. Stain technology. Breeding and care of animals. Aseptic operation technique. The postoperative care and treatment of animals. The ethics of laboratory practice.

During the third term students will be attached in rotation to a number of laboratories to study at first hand the application in practice of the principles illustrated by their earlier training.

Text-books.

- Stitt : Practical Bacteriology. Haematology and Animal Parasitology.
 Harrison : Chemical Methods in Clinical Medicine.
 Dyke : Recent Advances in Clinical Pathology.
 Conn : Biological Stains.
 Cowdry : Microscopic Technique.

Forensic Medicine.

5. Delete details on p. 52 and include :

Six (6) periods of three (3) hours' duration.

Each period will commence with a lecture demonstration and be followed by practical work in the following subjects :—

- (1) The examination of Blood Stains by Chemical. Spectroscopic and Serological Tests.
- (2) The examination of Seminal Stains.
- (3) The examination of Hairs and Fibres.

Two short lectures on certain Legal Procedures and on the giving of evidence will be included. Students should attend six (6) Medico-legal post-mortems at the City Morgue.

Text-books.

- (1) Medical Jurisprudence and Toxicology by Glaister.
- (2) Taylor's Principles and Practice on Medical Jurisprudence by Sydney Smith and W. G. H. Cook.

Toxicology.

6. Delete details on p. 53 and include :

A course of approximately thirteen (13) periods of three hours each combining lectures and practical work, to cover—

- (1) The isolation and identification of poisonous substances from such materials as urine, blood vomit, stomach contents and visceral organs, and the examination of tablets, pills, powders, etc., associated with the above examination.

Text-book.

Poisons : Their Isolation and Identification : F. Bambord (J. & A. Churchill, London).

FACULTY OF ENGINEERING**Regulations relating to the Degree of Bachelor of Surveying**

Add to Regulation 6, the following paragraph :—

“ Provided that a candidate entering upon the course from any country outside Australia who satisfies the Board of Studies in Surveying that he intends to leave Australia before entering on practice as a Surveyor and has no present intention of practising surveying in Australia or New Zealand may be exempted from the above requirements of this regulation and may be admitted to the Degree on satisfying the Board that after completing the third year of the course he has obtained practical experience and passed an examination both of which have been approved in advance by the Faculty.”

FACULTY OF COMMERCE

Pp. 6, 7. (Enrolment Guidance).

The last paragraph on page 6 and the first paragraph on page 7 are now *out-of-date* because of the addition of new courses. It is now easier to plan ahead to include two doubles, or two double-equivalents, or one of each. Accounting I is the only course which *must* be taken in the first year if a student wishes to complete the Degree course in three years ; such a student may postpone Economics I to the second year because the advanced courses in Economics have been so arranged that two units can be taken in the third year to complete the treble in Economics. Each intending student, before planning his course, would find it an advantage to bring his copy of the Handbook up-to-date by making the changes indicated above and below.

Pp. 8-12. (Regulations relating to the Degree of Bachelor of Commerce—Pass Degree).

The Regulations appearing in the Faculty of Commerce Handbook for 1950-1952 have been amended as indicated below :—

P. 9.

- (i) Regulation 2 : Group A has been replaced by the following :—

“ One unit of credit :

Economics I ; Public Finance ; Economics of Industry and Trade ; Money and Banking ; Statistics ; Economic History ; Geography I ; Geography II.”

From Group C the course entitled “ Organisation and Managerial Accounting I ” has been deleted and “ Organisation and Managerial Accounting II ” has been replaced by Accounting III.”

In the footnote referring to the courses in Group C delete the sentence which reads:—"At present Accounting I, Accounting II, and Auditing are given also as day courses within the University." For the present, these day courses are not being given.

Pp. 10-11.

(ii) Regulation 3 : Regulation 3 (a) has been replaced by the following :—

" Five units of credit shall be obtained from the courses in Group A, including a treble in Economics ; a treble in Economics shall include Economics I, and two of the following :—Public Finance ; Economics of Industry and Trade ; Money and Banking."

Regulation 3 (c) has been replaced by the following :—

" Not less than two units of credit shall be obtained from Group C, which units must include credit for Accounting I, Accounting II, and Accounting III."

In Regulation 3 (e) the table of double-equivalents has been replaced by the following :—

" 1. Pure Mathematics I ; Statistical Mathematics.

2. *Either*—

Economic History ; Political Science II , Australian History.

Or—

Economic History ; History II.

3. Accounting I, II, and III, and *either* Auditing *or* Taxation Law and Practice."

P. 11.

(iii) Regulation 4 : Regulation 4 (a) has been replaced by the following :—

"A candidate shall not proceed to the study of the second course in a subject until he has completed the first course, nor to the study of the third course until he has completed the second course. A candidate must complete the course in Economics I before he may enrol for Public Finance, Economics of Industry and Trade, or Money and Banking."

Section (b) has been deleted and the following sections have been re-lettered as (b), (c), and (d).

From the new section (b), "Accounting II" has been deleted.

Pp. 12-16. (Regulations relating to the Degrees of Bachelor of Commerce—with Honours).

The Regulations appearing in the Faculty of Commerce Handbook for 1950-1952 have been amended as indicated below :—

Pp. 12-13.

(i) Regulation 2 : The list of courses to be completed as qualifying courses under section (a) has been replaced by the following :—

- (i) Economics I ;
- (ii) Public Finance ;
- (iii) Economics of Industry and Trade ;
- (iv) Money and Banking ;
- (v) International Economics (when offered) ;
- (vi) Economic History ;

- (vii) Statistics ;
- (viii) Pure Mathematics I ;
- (ix) Accounting I, II, and III ;
- (x) Any other courses amounting to two full units, from Groups A, B, D, and E of the list of subjects for the Pass Degree."

Section (b) has been replaced by the following :—

"Attend such tutorial classes in Economics as may be prescribed by the Professor of Economics."

Section (c) has been replaced by the following :—

"Pass a Final Honours Examination covering the following :—

Examination Papers

Examination papers on the subject-matter of courses (i) to (v) in sub-section (a) of this Regulation and the subject matter of the Honours Tutorials.

Dissertation

A dissertation on a subject approved by the Professor of Economics."

Pp. 13-14.

(ii) Regulation 3 : The list of courses to be completed as qualifying courses under section (a) has been replaced by the following :—

- (i) Psychology I, II, and III ;
- (ii) Economics I ;
- (iii) Economics of Industry and Trade ;
- (iv) English Expression or English Literature I ;
- (v) Accounting I, II, and III ;
- (vi) Statistics ;
- (vii) Any other courses amounting to two full units, from Groups A, B, D, and E of the list of subjects for the Pass Degree.

From section (b), the words " Economics III, and " have been deleted.

In section (d), " Economic Theory (two papers) " has been deleted from the list of Examination Papers, and the list showing Examination Papers and Dissertation re-numbered from (i) to (vii).

Pp. 18-20. (Regulations relating to the Certificate in Accountancy).

The Regulations appearing in the Faculty of Commerce Handbook for 1950-1952 have been amended as indicated below :—

Pp. 18-19.

- (i) Regulation 2 : From the section giving the courses for which one half-unit of credit is obtainable, " Organisation and Managerial Accounting I " has been deleted, and " Organisation and Managerial Accounting II " has been replaced by " Accounting III."

From the footnote referring to the courses for the Certificate in Accountancy, delete the sentence which reads—"At present, Accounting I, Accounting II, and Auditing are given also as day courses within the University." For the present, these day courses are not being given.

- (ii) Regulation 3 : Section (b) has been deleted, and from section (a) "Accounting II " has been deleted.

Pp. 20-23. (Regulations relating to the Diploma in Commerce).

The Regulations appearing in the Faculty of Commerce Handbook for 1950-1952 have been amended as indicated below :—

P. 21.

- (i) Regulation 3 : From the footnote referring to the courses from Group C, delete the sentence which reads "At present, Accounting I, Accounting II, and Auditing are given also as day courses within the University." For the present these day courses are not being given.

Pp. 21-22.

- (ii) Regulation 4 : Regulation 4 (a) has been replaced by the following :—

"A candidate shall not proceed to the study of the second course in a subject until he has completed the first course, nor to the study of the third course until he has completed the second course. A candidate must complete the course in Economics I before he may enrol for Public Finance, Economics of Industry and Trade, or Money and Banking."

From Regulation 4 (b), "Accounting II" has been deleted.

Section (c) has been deleted, and the following sections have been re-lettered as (c), (d), (e), and (f).

Pp. 27-54. (Details of Courses in Subjects—Faculty of Commerce).

The details of courses in subjects appearing in the Faculty of Commerce Handbook for 1950-1952 have been amended as indicated below :—

Pp. 27-28.

- (i) Economics I : The course in Economics I will be taken by Professor J. K. Gifford and Mr. A. J. Reitsma.

Pp. 28-29.

- (ii) Economics II : The course in Economics II has been replaced by two courses, "Public Finance," and "Economics of Industry and Trade," as follows :—

Public Finance.

Mr. W. R. Lane

A course of 60 lectures on the economics of public finance, with special reference to the Australian States and the Commonwealth. The course will include the following : Scope of public finance and its relation to political science, political philosophy, and public administration ; description and classification of public revenues and expenditures and public assets and liabilities ; analysis of budgets and interpretation of budget results ; the connection between financial policy and the level of prices, national income and employment ; financial aspects of full employment policies ; analysis of the financial results of public business undertakings ; the incidence of taxation ; the effects of taxation on production and distribution ; the burden of public debt ; conversion and repayment of public debts ; taxable capacity and severity of taxation ; Commonwealth-State financial relations.

Prescribed Books.

Pp. 29-30.

(iii) Economics III : The course in Economics III has been re-named "Money and Banking." The details of this course are unaltered, except for the addition of the following book to the books listed for reference and further reading :—

Robinson J.: *Essays in the Theory of Employment*, 2nd Ed. (Macmillan, 1948).

Pp. 30-31.

(iv) Economic History : Mr. A. A. Morrison replaces Mr. R. G. Neale.

Pp. 31-32.

(v) Statistics : The details shown in the Handbook have been replaced by the following :—

Statistics.

Mr. R. H. Fields

The course consists of approximately 60 lectures. Candidates must also submit answers to class exercises set during the year.

The lectures will deal with the following : Uses and limitations of statistics ; sources and collection of data ; sampling and probable error ; classification ; tabulation : diagrams and graphs ; averages and their characteristics ; dispersion and skewness ; frequency distributions ; correlation ; analysis of time series (trend, season and cyclical variation) ; index numbers ; elementary treatment of significance tests ; studies of methods and data of Australian statistics of demography (life tables and other measures of fertility and mortality), prices, production and national income, employment, trade and transport, public finance and social services.

The course does not deal with statistical mathematics.

Prescribed Books.

Mauldon : The Use and Abuse of Statistics (Revised edition).

Mills, F. C.: Statistical Methods (Pitman).

Allen, R. G. D.: Statistics for Economists (Hutchinson's University Library).

For reference and further reading.

Commonwealth Year Book.

Queensland Year Book.

Demography Bulletin (Commonwealth Statistician).

Labour Report (Commonwealth Statistician).

P. 32.

(vi) Economic Geography : The course in Economic Geography has been replaced by two courses, " Geography I " and " Geography II," as follows :—

Geography I.

Mr. R. H. Greenwood

The elements of Geography studied from a systematic point of view.

Lectures.—Four lectures on the Nature and Methods of Geography

About 26 lectures on the elements of Physical Geography—an elementary consideration of the character and distribution of the major types of land forms, climates, soils and vegetation of the world.

About 30 lectures on the elements of Cultural Geography—an introduction to the study of the nature and significance of the world patterns of population distribution, types of agriculture, industry and transport, and of urban geography.

Tutorial assistance will also be given.

Laboratory Practice.—At least 60 hours' practical work dealing with various techniques of map interpretation and compilation and of field study, and the use of simple cartographical and meteorological equipment.

Field Work.—Occasional field-trips will also be arranged.

Prescribed Books.

Finch & Trewartha : The Elements of Geography (McGraw Hill)

Cotton, C. A.: Geomorphology (Whitcombe and Tombs)

Kendrew, W. G.: The Climates of the Continents (O.U.P.).

Bygott, J.: Map Work and Practical Geography (University Tutorial Press).

Philip & Darby : The University Atlas (G. Philip & Son).

Geography II.

Mr. R. H. Greenwood

The principles of Regional and Economic Geography and their application to selected major regions of the world.

Lectures.—About 15 lectures on the general pattern of man's occupancy of the world and of the character of the major types of geographical landscapes which result.

About 30 lectures on the Regional Geography of the Continent of Europe, including the British Isles, prefaced by a consideration of the problems, method, and purpose of Regional Geography.

About 15 lectures on the principles of Economic Geography illustrated with special reference to the countries bordering the Pacific Ocean.

Tutorial assistance will also be given.

Laboratory Practice.—At least 60 hours' practical work dealing with more advanced techniques for the interpretation and compilation of a variety of map types and of statistical charts and diagrams-used by the Geographer.

Field Work.—As prescribed.

Prescribed Books.

James, P. E.: *A Geography of Man* (Ginn and Co.).

Shackleton, M. R.: *Europe* (Longmans).

Stamp & Beaver: *The British Isles* (Longmans).

Jones & Darkenwald: *Economic Geography* (Macmillan).

Raisz, E.: *General Cartography* (McGraw Hill).

Pp. 32-42 and 47-54.

(vii) Courses in Groups B, D, and E: For details of any alterations in the courses in Groups B, D, and E, with the exception of the course in Banking, Currency, Exchange, and the Money Market (included in Group E), see the relevant sections of the Administrative Handbook dealing with the Faculty of Arts and the Faculty of Science.

Pp. 53-54.

(viii) Banking, Currency, Exchange, and the Money Market:

Roberts, W. H.: *Make Your Money Grow* (Angus and Robertson), is recommended to replace.

Rydge: *The Australian Stock Exchange* (Rydge's).

Collins' *Handbook of Company Law* may be used instead of

Sidey, R. L.: *Companies—Formation, Management, and Winding Up*.

Pp. 42-44.

(ix) The course entitled "Organisation and Managerial Accounting I" has been deleted, and the course entitled "Organisation and Managerial Accounting II" has been re-named "Accounting III."

The details of subject and prescribed books for 1951 for Accounting I, II, and III, and Auditing, are shown below.

Accounting I.

Mr. C. J. Connell, Mr. P. A. Clark, Mr. A. V. Dean, Mr. J. Packman, Mr. O. Tuttle.

The course consists of 40 lectures, each of two hours' duration.

The lectures will deal with the definition and objects of book-keeping; the different groups of accounts and their purposes; the principles of double-entry bookkeeping; the relation of the journal to the ledger; the purchases book, sales book and cash book; the returns inward and returns outward books; the trial balance; the nature of errors disclosed and not disclosed in the trial balance; the rectification of errors; banks and banking; the tabular cash book with discount, cash, and bank columns; provision for bad and doubtful debts; the method of recording depreciation, goodwill, bad debts, interest, cash and trade discounts and suspense items; the difference between capital receipts and expenditure, and revenue receipts and expenditure; stock-taking procedure; the closing entries at balancing date and the preparation of trading and profit and loss accounts, and final balance sheet;

the order and method of stating assets and liabilities in the final balance-sheet, bills of exchange and promissory notes; method of keeping bills receivable and payable books; dishonoured and renewed bills; retiring and discounting bills; consignment and joint venture accounts; bank reconciliation statements; contract accounts; average due date; accounts current; self balancing ledgers; Single Entry Accounts: preparation of final accounts from Single Entry Records; Receipts and Payments and Income and Expenditure Accounts; Manufacturing Accounts, including elementary costing and percentage calculations; Partnership Accounts: preparation of final accounts of a partnership; admission of partners and treatment of goodwill; adjustment of profits of a partnership; dissolution of partnership; Company Accounts: formation of a Company; acquisition of a business; preparation of final accounts of a company; liquidation of a company, closing of books and preparation of Liquidator's Statement of receipts and payments.

Prescribed Books.

Fieldhouse : Student's Elementary Bookkeeping.
Yorston, Smyth, and Brown : Accounting Fundamentals.
Carter, R. N.: Australian Advanced Accounts.

Accounting II.

Mr. C. J. Connell, Mr. P. A. Clark, Mr. A. V. Dean, Mr. J. Packman,
Mr. O. Tuttle.

The course consists of 40 lectures, each of two hours' duration.

The lectures will give a fuller treatment of the subject matter of Accounting I, and, in addition, will deal with Company Accounts: reduction of capital; reconstruction of companies, absorption and amalgamation of companies; Mining Company Accounts; Branch Accounts: incorporation of branch figures; Foreign Branches; Bankruptcy Accounts: statement of affairs and deficiency accounts of sole traders, partnerships and companies; Insurance Accounts: revenue accounts and balance sheets of insurance companies, fire losses and average clause; Loss of Profits Insurance; Hire Purchase Accounts: entries in books of vendor and hire purchases; Royalty Accounts: treatment of shortworkings; Investment Accounts, Double Account System; Executorship Accounts: accounts of executors, administrators and trustees under wills; Banking Company Accounts: profit and loss account and balance sheet of banking companies; Pastoral Accounts: valuation of live stock and preparation of final accounts of pastoral companies; analysis and interpretation of Financial and Operating Statements; planning of accounting systems: classification of accounts; Holding Companies and their published accounts.

Prescribed Books.

Carter, R. N.: Australian Advanced Accounts.
Yorston, Smyth, and Brown : Advanced Accounting (Vols. I, II, III).

Accounting III.

Mr. C. J. Connell, Mr. P. A. Clark, Mr. A. V. Dean, Mr. J. Packman,
Mr. O. Tuttle.

The course consists of 40 lectures, each of two hours' duration.

(1) Cost Accounting; development of industrial accountancy; planning of accounting systems; classification of accounts; cost accounting and factory organisation; methods of cost collection and allocation; accounting for materials; accounting for labour; accounting

for manufacturing expense; collection of indirect costs; allocation of indirect costs; bases of allocation; accounting for finished goods: job costs and process costs; accounting for by-products and joint products; standard costs: estimate, ideal and basic standards, treatment of variances; use of records for managerial control; production control; operating statements and ratios.

(2) Budgeting and budgetary control; objects of budgetary control; preparation of Sales Budget, Production Budget, Expense Budgets, Finance Budget, and Master Budget: Fixed and Flexible Budgets; balance sheet analysis; budget administration; budget control and standard costs.

(3) Statistical method as applied to accounting data; use of statistical method; analysis of data; averages; the median; the mode; dispersion; measuring dispersion; average deviation; quartile deviation; standard deviation; coefficients of dispersion; trends; correlation; coefficient of correlation; graphic presentation: use of graphic forms.

Prescribed Books.

Scott, W.: Cost Accounting.

Scott, W.: Business Budgeting and Budgetary Control.

Fitzgerald, A. A.: Statistical Methods as applied to Accounting Reports.

Auditing.

Mr. C. J. Connell, Mr. P. A. Clark, Mr. A. V. Dean.

The course consists of 40 lectures, each of one hour's duration.

The lectures will deal with the nature and objects of auditing; qualification, rights, duties, and liabilities of the auditor; preliminary considerations; checking; vouching; internal check; valuation and verification of assets; valuation and verification of stocks and inventories; partnerships: special points to be observed in the audit of partnerships; companies: special points in the audit of company accounts, share capital, reserves and sinking funds, debentures, goodwill and depreciation, profits available for dividend, audit of profit and loss account and balance sheet of companies, auditor's reports and certificates; the audit of mechanised accounts; special points in different types of audits; audit of Holding Companies; valuation of shares; analysis and criticism of accounts; investigations.

Prescribed Books.

De Paula: The Principles and Practice of Auditing.

Spicer and Pegler: Practical Auditing.

FACULTY OF AGRICULTURE

Microbiology I.

Delete details on p. 24 and include:

A course of 18 lectures and 36 hours' laboratory work during second and third terms at the Medical School.

The lecture series deals with aspects of bacterial morphology, cultural and biochemical characteristics and antigenic analysis with direction on their application in systematic and applied microbiology.

Practical sessions are designed to supply direct support to the lecture series.

Text-books.

Salle: Fundamental Principles of Bacteriology (McGraw Hill).

Gale: Chemical activities of Bacteria (University Tutorial Press Foxton).

FACULTY OF LAW

Regulations relating to the Degree of Bachelor of Laws.

Add to Regulation 2 the following paragraph :—

" Provided further that a candidate for the Degree of Bachelor of Arts who has secured at least seven units of credit towards that Degree may, if the Dean of the Faculty of Law approves, enrol for subjects not included in his course for the Degree of Bachelor of Arts ; and if in the one academic year he satisfies the requirements in respect of any such subject and other subjects amounting in all to at least two units, he shall after matriculating in the Faculty of Law be deemed to have passed in that subject."

FACULTY OF DENTISTRY

The Degree of Master of Dental Science.

1. A candidate for the degree of Master of Dental Science shall be a Bachelor of Dental Science of the University of Queensland or not less than two years' standing, or have been admitted *ad eundem statum*.

2. If the candidate has not been awarded First or Second Class Honours in Dental Science by this University he shall satisfy the Faculty of Dentistry, by examination or otherwise as the Faculty may determine, that before or after graduation he has attained an equivalent standard of scholarship.

3. A candidate shall—

Either

(a) Pass both Parts, viz., Part I Basic and Part II Dental, of the examination for the Degree ;

Or

(b) Pass Part I Basic of the examination and present a thesis*, of a quality that satisfies the examiners, on a subject approved by the Faculty.

4. (1) To pass in Part I of the examination a candidate shall pass in *one* of the following sets of subjects :—

Pathology and Bacteriology
Physiology and Biochemistry
Metallurgy and Dental Materials
Anatomy and Histology
Physics and Chemistry

or an equivalent basic subject approved by the Faculty.

(2) To pass in Part II of the examination a candidate shall pass in Oral Pathology and in *one* of the following subjects :—

Operative Dentistry
Dental Prosthesis
Oral Surgery
Orthodontics

or an equivalent subject approved by the Faculty.

(3) The examination shall be by such mode or modes, written, oral, or practical, as the Faculty may decide.

(4) Notwithstanding Regulation 1 the Faculty may in special circumstances allow a candidate to pass in Part I of the examination when he is of one year's standing only.

* For further provision as to theses, dissertations, etc., see General Regulations, Schedule II, Section XIV.

5. A candidate who presents a thesis may be required by the Faculty to pass an examination in the branch of Dental Science from which the subject of his thesis is taken.

6. The Faculty may require a candidate to undertake practical work in any of the subjects of his examination at a School approved by the Faculty.

The Degree of Doctor of Dental Science.

1. A candidate for the degree of Doctor of Dental Science shall be a Master of Dental Science of at least two years' standing or a Bachelor of Dental Science of at least four years' standing of the University of Queensland or have been admitted *ad eundem statum*.

2. If the candidate, not having the status of a Master of Dental Science, has not been awarded First or Second Class Honours in Dental Science by this University, he shall satisfy the Faculty of Dentistry, by examination or otherwise as the Faculty may determine, that before or after graduation he has attained an equivalent standard of scholarship.

3. A candidate shall present a thesis,* on a subject approved by the Faculty, which satisfies the examiners that he possesses such scholarship and power of original research as to warrant the award of the Degree. The candidate shall provide such evidence as the Faculty requires of the authenticity and independent originality of his thesis, and shall indicate to what extent he has used the work of other writers on the subject of the thesis.

4. The thesis must not have been previously presented in substantially the same form for a degree in any other Faculty or other University. When the Faculty has approved of a subject submitted by a candidate that candidate shall not, without the permission of the Faculty, present a thesis on the same subject for a degree in any other Faculty of the University.

5. The Faculty may require a candidate to pass an examination in the branch of Dental Science from which the subject of his thesis is taken.

6. The examiners may consider any of his published contributions to Dental Science submitted by the candidate together with the thesis.

7. There shall be three examiners, of whom one shall be the Professor of Dentistry and the other two shall be persons resident outside the State of Queensland.

FACULTY OF MEDICINE

Medical Bacteriology.

Delete details on pp. 34-35 and include :—

A course of approximately 45 lectures and 72 hours' practical work during the third academic year. This includes :—

10 lectures on serology and immunity.

10 lectures on morphology, cultural and biochemical activities of bacteria.

25 lectures on systematic and applied aspects of medical microbiology, including chemotherapy, collection of specimens and procedures in laboratory diagnosis.

* For further provision as to theses, dissertations, etc., see General Regulations, Schedule II, Section XIV.

The 72 hours' practical work consists of 62 hours directed practical work and 10 hours revision during which available hospital specimens are examined.

Text-books.

Jordan and Burrows : Text-book of Bacteriology (Saunders).
Gale . Chemical Activities of Bacteria (University Tutorial Press Foxton).

. Reference Books.

Topley and Wilson : Principles of Bacteriology and Immunity (Arnold).
Dubos and Others : Bacterial and Mycotic Infections of Man (Lippincott).
Rivers and Others : Virus and Rickettsial Diseases of Man (Lippincott).

Regulations relating to the Diploma in Physiotherapy.

In Regulation 2 delete—

“ and shall have attained the age of seventeen years on or before 30th June of the year in which he enters the course ”

and substitute—

“ and shall have attained the age of sixteen years on or before the 30th June prior to his entering on the course.”

FACULTY OF ARCHITECTURE

1. In the foreword, paragraph 6 be amended to read “ The University Diploma Course (evening study) will not be available for students commencing their studies after 1950.”

2. In Regulation 6, Page 7, the words “ Special Course ” be inserted in brackets after the subject, Applied Mathematics.

3. On page 11, under Applied Mathematics, a course of about 20 lectures in Statics of a particle and of a rigid body in two dimensions ; Elementary Graphical Statics.

4. On page 12, under the heading “ Architectural Principles and Design, Part I,” “ A Course of 30 lectures, etc.” be altered to read “ A Course of approximately 40 lectures.”

Add to paragraph on lectures : “ Introduction to the Theory and principles of Architectural Design.”

Text-books : Include The Principles of Architectural Composition—Robertson.

5. On page 12, Part II. To read “ a course of approximately 80 lectures,” not 90 lectures.

Delete present wording of paragraph on lectures and Architecture “ The principles of architectural design.”

6. On page 18 under the heading “ Architectural Hygiene.” Include the following under Reference Books :—

Physiological Principles in Tropical Housing—Lee.

Standard Sewerage By-laws of Queensland.

Standard Water Supply By-laws of Queensland.

7. On page 18 under the heading Building Material—“ A course of 40 lectures, etc.”—not 30 lectures.

8. On page 19 under the heading "Equipment of Buildings"—Text-books :

Delete Australian Sanitary Engineering Practice—Randerson.

Add Electrical Illumination—Krachenbuchl.

9. On page 19 under the heading "Interior Decoration"—Lectures : "A course of approximately 30 lectures, etc."

10. On page 20, in the first paragraph under the heading "Library" insert "750 volumes" instead of "700 volumes."

11. On page 7, Faculty Handbook—

(a) Delete Chemistry from the First Year list of Subjects and substitute Geomorphology (Special Course).

(b) Include Chemistry (Special Course) after Geology Part I (as for Engineers) in the list of Second Year Subjects.

THE COMMONWEALTH SCHOLARSHIP SCHEME

Under this Scheme, 3,000 entrance Scholarships will be available each year for competition by students who have completed a normal secondary school course and who wish to continue their education at Universities or other approved institutions of similar standing in Australia. A special feature of the Scheme is the provision for two per cent. of the 3,000 Scholarships available each year to be awarded to students of mature age. These Scholarships will be known as Mature Age Scholarships.

The Scholarships available under the Scheme will be divided among the States on the basis of the total population in each State.

Approved Courses.

The courses approved under the Scholarship Scheme include :

- all first degree courses at Universities ;
- certain undergraduate diploma courses at Universities ;
- certain honours courses and combined courses.

The courses approved include part-time as well as full-time courses, and in approved circumstances a student awarded a Commonwealth Scholarship will be permitted to study a full-time course on a part-time basis. There will not be any quotas for courses and, in general, a Commonwealth Scholar may apply his Scholarship to any one of the approved courses.

Eligibility.

Age.—Applicants for the 3,000 entrance Scholarships available each year will, in general, be required to be under the age of 21 years on 1st January in the year in which they desire to commence their courses.

Applicants for Mature Age Scholarships will be required to be not under 25 years of age and in general not over 30 years of age at the commencement of the academic year following the date of application.

Residential Qualifications.—Applicants for entrance Scholarships will in general be required to show that they and their parents are permanently resident in Australia or intend to take up permanent residence in Australia.

Applicants for Mature Age Scholarships will be required to establish that they have resided continuously in Australia for a period of ten years immediately preceding the date of application and that they intend to remain in Australia.

Selection.

The award of Commonwealth Scholarships will be made entirely on merit on the results of public examinations qualifying students for matriculation, and no regard will be paid to the means of a student's parents.

Deferment.—Winners of Commonwealth Scholarships may be permitted in certain circumstances to defer the commencement of their courses under the Scheme for a period not exceeding twelve months.

Benefits.

All students awarded Commonwealth Scholarships will be entitled to the following allowances, without any means test :—

Tuition fees ;
Examination fees ;
Matriculation fees ;
Degree fees ; and
General Service fees.

A Commonwealth Scholar who undertakes his course on a full-time basis will also be entitled to certain travelling allowances.

Living Allowances.

Entrance Scholarships.—Applicants for Commonwealth Scholarships who wish to undertake approved full-time courses on a full-time basis may also apply for living allowances, which will be payable subject to a means test. The maximum living allowances will be £130 per annum in the case of a student living with his parents, and £195 per annum in the case of a student living away from his parents.

Commonwealth Scholars who receive living allowances under the Scheme will, in approved circumstances, be permitted to supplement their allowances by engaging in employment, and will also be entitled to retain a certain amount of any allowances they may receive from other awards.

Further information concerning the Commonwealth Scholarship Scheme should be obtained from the Officer-in-Charge, Universities Commission, Old Courier Building, Queen Street, Brisbane, Queensland.
